Learners remaining at school after 15:00

Please take note that ONLY learners who are registered with the aftercare class may attend the aftercare class and make use of the services provided.

Also note, that the school cannot take responsibility for the safety of learners who remain at school after 15:00 in the afternoon. There are a number of learners who remain at school and wait for transport up to 18:00. Educators leave the premises at approximately 15:00. The administrative staff and principals leave at 16:00. During this time the security guards at the school also change shifts and are busy with the administrative issues relating to hand-overs etc. This implies that there is therefore NO supervision of the learners after 15:00.

We hereby request that you ensure that your child is collected by 15:00. Should this be inconvenient we advise you to enrol your child in the aftercare programme.

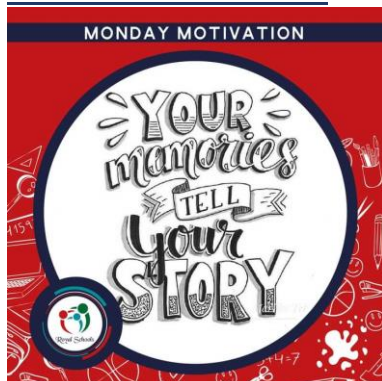

I trust that you will find the above in order.

Regards

Princess Park Management
